

I-43 North-South

SILVER SPRING DRIVE TO WIS 60

PUBLIC INVOLVEMENT MEETING SCHEDULED

The Wisconsin Department of Transportation (WisDOT) will host two open-house style meetings regarding the Interstate Highway 43 (I-43) reconstruction project. The meetings will be held to provide a project update. WisDOT representatives will be on hand to share plans and answer questions. The meetings are scheduled for January 21, 2020 from 4-7 p.m. at Mequon City Hall located at 11333 N. Cedarburg Road, Mequon, WI 53092 and January 22, 2020 from 4-7 p.m. at Nicolet High School located at 6701 N. Nicolet Road, Glendale, WI 53217.

In November of 2014, WisDOT and the Federal Highway Administration (FHWA) approved the Final Environmental Impact Statement and Record of Decision (FEIS/ROD) regarding the reconstruction of I-43 between Silver Spring Drive in Milwaukee County and WIS 60 in Ozaukee County. The project will:

- Reconstruct, modernize, and expand I-43 to six lanes.
- Improve safety and traffic operations.
- Reconstruct five service road interchanges.
- Construct a new interchange at Highland Road.
- Replace the Union Pacific railroad bridge over I-43 in Glendale.
- Expand a section of Port Washington Road in Glendale from two lanes to four lanes.

The state legislature authorized the construction of the project in the state budget this past July. WisDOT is preparing an environmental re-evaluation to address any changes since the FEIS/ROD was approved. This re-evaluation is expected to be completed by the middle to 2020 and final engineering and plan preparation will begin soon thereafter. Construction may start as early as 2021 and is expected to be complete by year 2025.
