

Public Involvement Plan

**Silver Spring Drive
N. Long Island Drive to N. Lydell Avenue
Milwaukee County
2987-02-00**

If a build alternative is selected, currently scheduled for construction: 2021

If a build alternative is selected, construction could occur as early as: 2021

Project must be completed by: 12/1/2022 (AWCD)

Design Consultant: DAAR Engineering, Inc.

Project Sponsor: City of Glendale

Prepared by:  on June 12, 2020
Stan Lukasz, PE, DAAR Engineering, Inc.

Approved by LPA: _____ on _____
Charlie Imig, City of Glendale

Project purpose and need

The City of Glendale, in cooperation with the Wisconsin Department of Transportation (WisDOT), is considering an undertaking located at five (5) intersections along Silver Spring Drive. **The purpose of this project is to address safety issues along the corridor by improving pedestrian and vehicular safety.**

Conceptual solutions that could address the purpose and need

Location #1 Silver Spring Drive/N. Long Island Drive Intersection:

Improvements planned include roadway pavement marking & signing and installation of pedestrian activated Rectangular Rapid Flashing Beacon signs (RRFB). Safety will be enhanced by warning motorists of pedestrian crossings through RRFBs. Additional safety measures will include installation of high visibility crosswalks and ADA compliant curb ramps.

Location #2 Silver Spring Drive/Pick n' Save Driveway:

Improvements planned include roadway pavement marking & signing, overhead traffic signal devices and replacement of deteriorated crosswalks and concrete pavement. These improvements will enhance vehicular safety by placing signal indications over the eastbound and westbound lanes of traffic. Pedestrian safety will be enhanced with high visibility crosswalks, ADA compliant curb ramps and pedestrian countdown signal indications.

Location #3 Silver Spring Drive/N. Bridgewood Lane Intersection:

Improvements planned include roadway pavement marking & signing, installation of curb ramps, overhead traffic signal devices, pedestrian countdown timers and replacement of decorative crosswalks and concrete pavement. Safety will be enhanced for pedestrians and motorists through the installation of these measures.

Location #4 Silver Spring Drive/N. Bayshore Drive/N Mohawk Avenue Intersection:

Improvements planned include roadway pavement marking & signing, installation of curb ramps, intersection lighting, overhead traffic signal devices, pedestrian countdown timers and replacement of decorative crosswalks and concrete pavement. Safety will be enhanced for pedestrians and motorists through the installation of these measures.

Location #5: Silver Spring Drive/N. Lydell Avenue Intersection:

Improvements planned include roadway pavement marking & signing, installation of curb ramps, intersection lighting, pedestrian countdown timers and full replacement of existing traffic signal devices. Safety will be enhanced for pedestrians and motorists through the installation of these measures.

All locations will include temporary traffic control during construction. It is anticipated that Temporary Limited Easements (TLE) will be needed at six (6) properties for curb ramp installations.

Public involvement goals and objectives

The City of Glendale will solicit and consider input from property owners, business owners, public officials and the travelling public regarding safety issues that exist along the project corridor. The roadway facility has deficiencies that need to be addressed to enhance safety for all users. By providing information regarding the project, via a Project Newsletter and a Project Web Page, detailed project improvements will be conveyed to the project stakeholders to contribute to project development, satisfy NEPA requirements and optimize project implementation for a successful infrastructure improvement project that improves safety.

Stakeholders and target audiences

Public involvement techniques to be used

A Local Officials Meeting (LOM) was held on June 9, 2020 to involve City officials, discuss project and public outreach goals and objectives. The following public involvement tools and techniques were discussed and finalized at the LOM:

- Project Newsletter (attached) – Project information will be documented in a newsletter that contains information regarding project Purpose & Need and potential treatments to improve safety. The Project Newsletter (mailer) is anticipated to be mailed to project stakeholders through the US Postal Service on or about June 19, 2020
- Mailing List (attached) – the Project Newsletter will be mailed to property owners, business owners, local officials, emergency services, and other project stakeholders.
- Project Web Page – will be developed and hosted on the City of Glendale web site located at: <http://www.glendale-wi.org/739/Upcoming-Public-Works-Projects> to provide project stakeholders information such as:
 - Project Schedule for Design & Construction
 - Public Comment Form
 - Public Involvement Exhibits (attached)
 - Environmental Document (when available)
 - Preliminary and Final Plan Exhibits (when available)

It is anticipated that the Project Web Page will be published on or about June 19, 2020

Plan timeline

<i>WisDOT Contract LET</i>		<i>April 13, 2021</i>
<i>Construction</i>		<i>June 2021 – December 1, 2021</i>

Project messages

1. Proposed schedule and cost range

If a build alternative is selected, currently scheduled for construction in 2021

If a build alternative is selected, construction could occur as early as 2021

If a build alternative is selected, the estimated cost for the project is \$1,105,300

WisDOT HSIP Program – 90% Federal; 10% Local Cost Share

FHWA CAP: Design \$178,202; Construction \$994,730

2. Potential traffic impacts/ traffic management objectives

Will roadway be open or closed during construction? Open and staged under traffic

Will a detour be provided? No

3. Related projects, if any

WisDOT Project ID 2656-09-70
Green Bay Road
WIS 57
Northbound Off-Ramp Realignment at Silver Spring Drive
Construction 2022

4. Potential real estate impacts

It is anticipated that Temporary Limited Easements (TLE) will be acquired by the City of Glendale at 6 parcels for curb ramp installations.

5. Potential access modifications

None

6. Any other issues to be aware of

None at this time

7. Basic facts about the highway (ADT, truck percentages, National Highway System, etc.)

- 10,000 – 22,800 AADT
- Silver Spring Drive is located on National Highway System (NHS)
